POLICY STATEMENT

The school shall organize all instructional and other activity to be aligned with state standards, laws and regulations and in a manner that is consistent with local school board policy.

The school shall utilize technology in a manner that is consistent with local school board policy and state laws and regulations, and in ways that support and enhance student achievement.

The school shall appraise all programs in a manner that is consistent with local school board policy. Programs shall be appraised upon request of the school council by assigning the program appraisal to the appropriate school personnel who will be charged with the responsibility of collecting and analyzing data relative to the program and reporting their findings and recommendations to the school council. District personnel may be asked to assist with program appraisal. The goal of the program appraisal process is to evaluate the effects that a given program is having on student achievement so that the school council can make data-driven decisions as to the adoption or continuation of a particular program.

This school council policy shall also be consistent with the applicable indicators from the Standards and Indicators for School Improvement.
